

## CHAMELEONFX CLIPPER

Featuring digital motor, lithium-ion battery and Titanium blade, BaBylissPRO® 100% professional all-metal FX8700IE has been designed for demanding hairstylists and barbers who look for reliable, flexible tools with quick charge, optimal run time but also want to stand-out.

An outstanding design that really makes a difference with its competitors but not only: the machine is perfectly balanced for superior ergonomics and remarkably powerful. This stylish heavy-duty tool is as good for traditional haircuts as for detailed, creative and artistic works like outlining, fading, designs, hair tattoo...

This unique cylinder design gives a natural feel to people. It doesn't matter which way the clipper is put, it is always in an ergonomic position.

**The CHAMELEONFX clipper is completing the FX Collection which has allowed BaBylissPRO to win the trust of barbers and hairstylists all over the world.**

### High-grade «FADE» blade

45 mm precision **Titanium fade blade**, flat, perfect for taking down hard lines and the skin lines usually left behind by shavers as it gets really close to the skin. Its shallow inclined shape gives an ideal transition from dark to light. Titanium material is hypoallergenic, high-strength and resistant to corrosion. It gives the blade the crunch sound barbers like when cutting.

### Powerful

Long-life high-torque digital motor delivers high-performance for clean close cutting. The technological advancement of electronically controlled digital motors allow them to be lighter, feature ultra-low vibration, consume less energy, have a longer lifespan and generate less noise pollution. The clipper delivers high power, no matter if cord or cordless operated.

### Iconic shape design & features

Robust all-metal housing design engineered for total professional reliability and uncompromising integrity.

3-hour quick charge and 2-hour battery operating time give hairstyling professionals maximum flexibility, time saving and efficiency.

Universal voltage allows them to travel the world with their clipper.

### Comfort

The FX8700IE's body is scientifically balanced for superior ergonomics. It features a knurled, non-slip grip for comfort and support.

This machine of a highly technical nature is lightweight and silent.

### Features
