Master the contour, maximise the volume!

Innovative hourglass-shaped barrel for extra-root lift.

Rapid blow-drying with longer lasting results

Ceramic coated barrel.

Barrel hugs the contour of the head

Get close to the root of the hair for maximum volume.

Crimped bristles

Grips the hair and is gentle on the scalp.

Damage-free styling

Distributes heat evenly throughout the barrel preventing "hot spots".

Soft-touch handle

For added comfort and grip.

Features

- Concave brush profile hugs the contour of the head allowing the crimped bristles to penetrate to the root of the hair for maximum styling performance.
- Wider barrel ends prevent hair sections from sliding off during blow-drying.
- Narrow mid-section of barrel provides greater tension for optimum grip and control.
- Ceramic coating dissipates heat across the surface area of the heat-retaining barrel preventing "hot spots" and enabling smooth, damage-free styling.
