

LEVANTE

Styling versatility is completely in your hands

BAB6950WIE ▶

A powerful 2100W made in Italy professional dryer that features a long-life AC motor for 141 km/h air speed and fast drying results and time saving.

1 000Pa air pressure and a perfectly controlled heat deliver unfailing efficiency, optimum drying and long-lasting perfect styling results with stronger resistance to humidity.

Its superior build quality for comfortable handling and maximum control ensures this dryer truly delivers professional performance and style. Lightweighted, 480g, it reduces muscular tensions.

Long-life AC engine

This engine is designed for professional use and offers superior professional performance. It delivers an air flow of 79 m³/h and 1 000 Pa air pressure for long-lasting styling results. Delivering 141 km/hr. air speed, it offers fast drying and energy-saving.

High-performance heating element

Optimizes the heating areas and delivers even and uniform temperature.

The power of the heating element offers a drying rate of 5.5 grams of water dried in a minute.

Average temperature of 85°C at 100 mm without concentrator nozzle and up to over 110°C with concentrator nozzle (at max. speed).

Ergonomic and compact design – lightweight

Levante is a compact hair dryer, ergonomic and well-balanced. Because it is also lightweight, it is very comfortable in use, reducing muscular tensions and bringing considerable benefits for hairstyling professionals who work all-day and daily with hair dryers.

Hair care and beauty

A central ionic generator allows an in-depth action of the millions of negative ions generated and decreases tension due to static electricity at the surface of the hair. Ionic technology leaves hair with a smooth, shiny and frizz-free finish, much easier to disentangle and style.

A cold shot and a lock-in cold air position give hair shine and perfect hold and long-lasting results.

Flexibility and control

6 heat and speed settings.

2 narrow concentrator nozzles 6 mm x 60 mm and 6 mm x 75 mm with venturi effect for more versatility while styling.

Features

- 2100W
- Long life AC motor
- Air speed 141km/hr.
- Air pressure 1 000 Pa
- Air flow 79 m³/hr.
- 480g
- Ionic technology
- Narrow concentrator nozzles 6 mm x 60 mm and 6 mm x 75 mm with venturi action : +20% power
- Removable rear filter for easy and quick cleaning
- 2.70m professional power cord
