Performance

The FOILFX02 has been designed to achieve perfect trims and shades, becoming the perfect tool for extra-close shaves, for cleaning hairline and offer clean, net results.

Its ultra-thin floating foil system delivers a safe, close shave without irritating the skin and offers a 44 mm large shaving zone.

It delivers up to 3 hours of continuous run time on a single ultra-fast charge of 3 hours only. Its ultra-fast and powerful motor delivers 11 000 movements of blades per minute.

Its ultra-thin staggered double foil head provides the perfect cut in "hugging" the contour of the head or the face.

Comfort

It is very comfortable to use thanks to its perfectly balanced design. Its full metal housing is elegant but not only, it is also very resistant and perfect for a heavy-duty use in hair salons and barber shops.

Ease of use

The shaving foil unit can be removed very easily for easy regular maintenance. After use simply replace the protective cover of the shaver to turn it off.

Perfect results

You will be able to fuse the blend on bald fades, shave a whole head on very short hair. It enables you to even up, clean up the neckline, eliminate stubble and stray hairs from the face for clean shaving and a perfect irritation-free finish.
