

SPRAY FX 4 IN 1

NEW FORMULA • NEW FRAGRANCE

◀ FX040290E
Aerosol 150 ml
Master carton: 12 pièces

4 ACTIONS: LUBRICATES, CLEANSSES, CLEANS AND COOLS SHEARS & TRIMMERS / CLIPPERS BLADES.

This oil of highest PHARMA quality is especially formulated for BaBylissPRO® clippers /trimmers blades (it does not evaporate nor slow down the blades).

To ensure an optimized cutting performance and extend your Clipper's, trimmer's life, lubricate all blades on a regular basis after each use.

DIRECTIONS:

Disconnect the machine before spraying. Spray within a distance of 10-25cm. Wipe off excess.

For a deep cleaning:

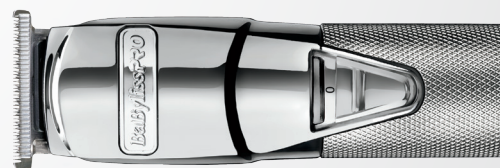

Remove the blade and brush off hairs from the blade edge. Brush the hairs out from between the fixed comb blade and the moving cutter blade while pressing down on the cleaning lever to raise the moving cutter blade. Spray the oil to the blades and within the space between the fixed comb blade and moving cutter blade. Insert the blade back, start the engine to distribute the oil evenly. Wipe off excess with a tissue.

Focus:

It is recommended to lubricate the blade before first use.
